Fall Adult Education Classes

**Jesus and His Jewish Influences ..... Room 111**

This class consists of lecture videos by Jodi Magness, Ph.D. University of North Carolina, Chapel Hill. This is a continuation of the lecture series viewed during the Spring 2016 quarter. The lectures can be enjoyed by all who are interested, and it is not necessary to have seen the first twelve lectures. The following are the titles of the lectures to be viewed in this Autumn quarter.

9/11: Jewish Ritual Purity: The Sons of Light

**The Wired Word .....Library**

*The Wired Word* uses current headlines to illustrate each week's adult lesson. On Thursday of each week, a lesson will be emailed to the facilitators with the appropriate scriptural texts and questions for discussion. The facilitators can email the weekly lesson materials to members of the class. Participants can also join in the discussion without having read the lesson since it will be based on a current topic.

**Meditation Practices ..... Wesley Room**

How often do we find time in our daily lives to sit back and reflect how God is working in our lives? Or how is my spirit doing today? How does the world around me impact my spiritual journey? This Sunday School class will consist of a variety of meditation practices that allow one to simply be. To be with God, to be with oneself, and to be within the world. The class will be designed for people to spend as much time as they need to meditate and come and go as they please. Throughout this series a variety of meditation and prayer exercises will be available to explore as one contemplates the spirit of being.

**The Fire This Time.....Sunflower Room**

Director of the HAAS Institute, John A. Powell, compares race to gravity; we are all affected, but few of us understand. Full comprehension may remain unattainable, but intentional work at *trying* is solicited by the divine. In a state of open prayer, with love for ourselves and others, this class will offer one model (out of many) for analyzing our racial identities through intentional hearing and internal reflection. This deviates from the normal mode of discussion based inquiry, which presents a unique challenge as we address a demanding topic. Though our efforts are imperfect and the process is messy, we ultimately seek to create change by traveling down all the minor tributaries and major waterways revolution requires. Let us convene. Let us act. Let us struggle. The fire is this time.
